

a favorable wind has

Housefly.
Musca domestica
(1/4 in. long)

It is the lustful embrace of enhanced reality, the carnal union of a fully liberated imagination with everyday living

Now seeking submissions for Blue Feathers #4

that we must demand from and for ourselves.

BLUE

"It is by an extreme capacity for defiance that certain unusual people who have everything to hope and everything to fear from one another will always recognize one another."

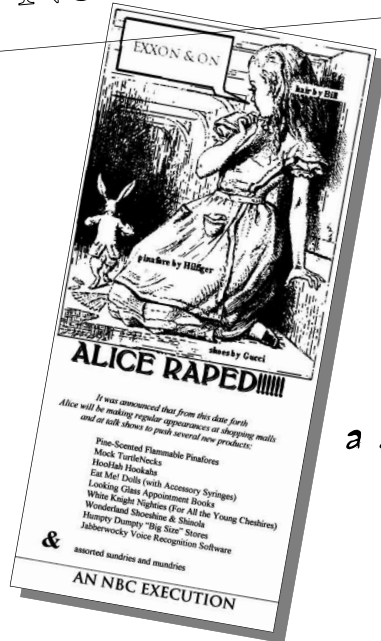

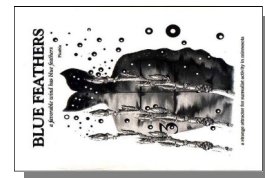

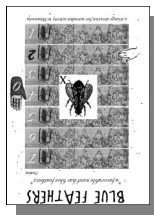

...André Breton

a strange attractor for surrealist activity in minnesota

Trust desire.

"In short, subversion is the basic expression of creativity."

...Vaneigem

FEATHERS

(back issues available ... \$3 ea.)

The Blue Feathers project, a minnesota based collaboration, intends to provide a focus and provocation for local surrealist action, while clearly placing that action in the informed context of the global surrealist project.

if you are interested in joining this international collaboration, or to submit materials for possible publication, please contact us at:
